CONTACT US

ABOUT US?

At Pi Educational World, we help students discover their true potential. From **afterschool programs for Grades 1 to 6** that strengthen **language, math, science, and computer skills**, to **subject-focused tuitions (Grades 7-12)** that build understanding beyond memorization — we guide every learner to grow with confidence and excel in life.

Impulse \rightarrow Velocity $= \frac{\Delta v}{\Delta t}$ $P = \frac{m}{v}$
Density \rightarrow $J = \Delta p = \int E dt$
Motion \rightarrow $J = F \Delta t$ if F is constant
 $v = v_0 + at$
Gravity \rightarrow $v_0 t + \frac{1}{2} a t$ $015923016, 9749821815$
Mass \rightarrow $P = \frac{m}{v}$ $S = \frac{1}{2} (v_0 + v_1) t$
Energy \rightarrow $P = \frac{m}{v}$ $S = v_0 t + \frac{1}{2} a t$
Kinetic Energy \rightarrow $v^2 = v_0^2 + 2 a c$
pieducation@gmail.com (Constant Mass)

We are not limited to school-level support. With a greater purpose to contribute more, we have expanded into **Bridge Courses and Computer Classes** designed for SEE graduates.

These programs bridge the gap between SEE completion and college life, preparing students with the right guidance, smart skills, and confidence for the future.

Pi Educational

World

Message from the founder:

"We believe in shaping not just **learners** — but **leaders**."

ULTIMATE BRIDGE COURSE AND COMPUTER CLASSES

"A Choice You'll Always Value"

Pi Educational World

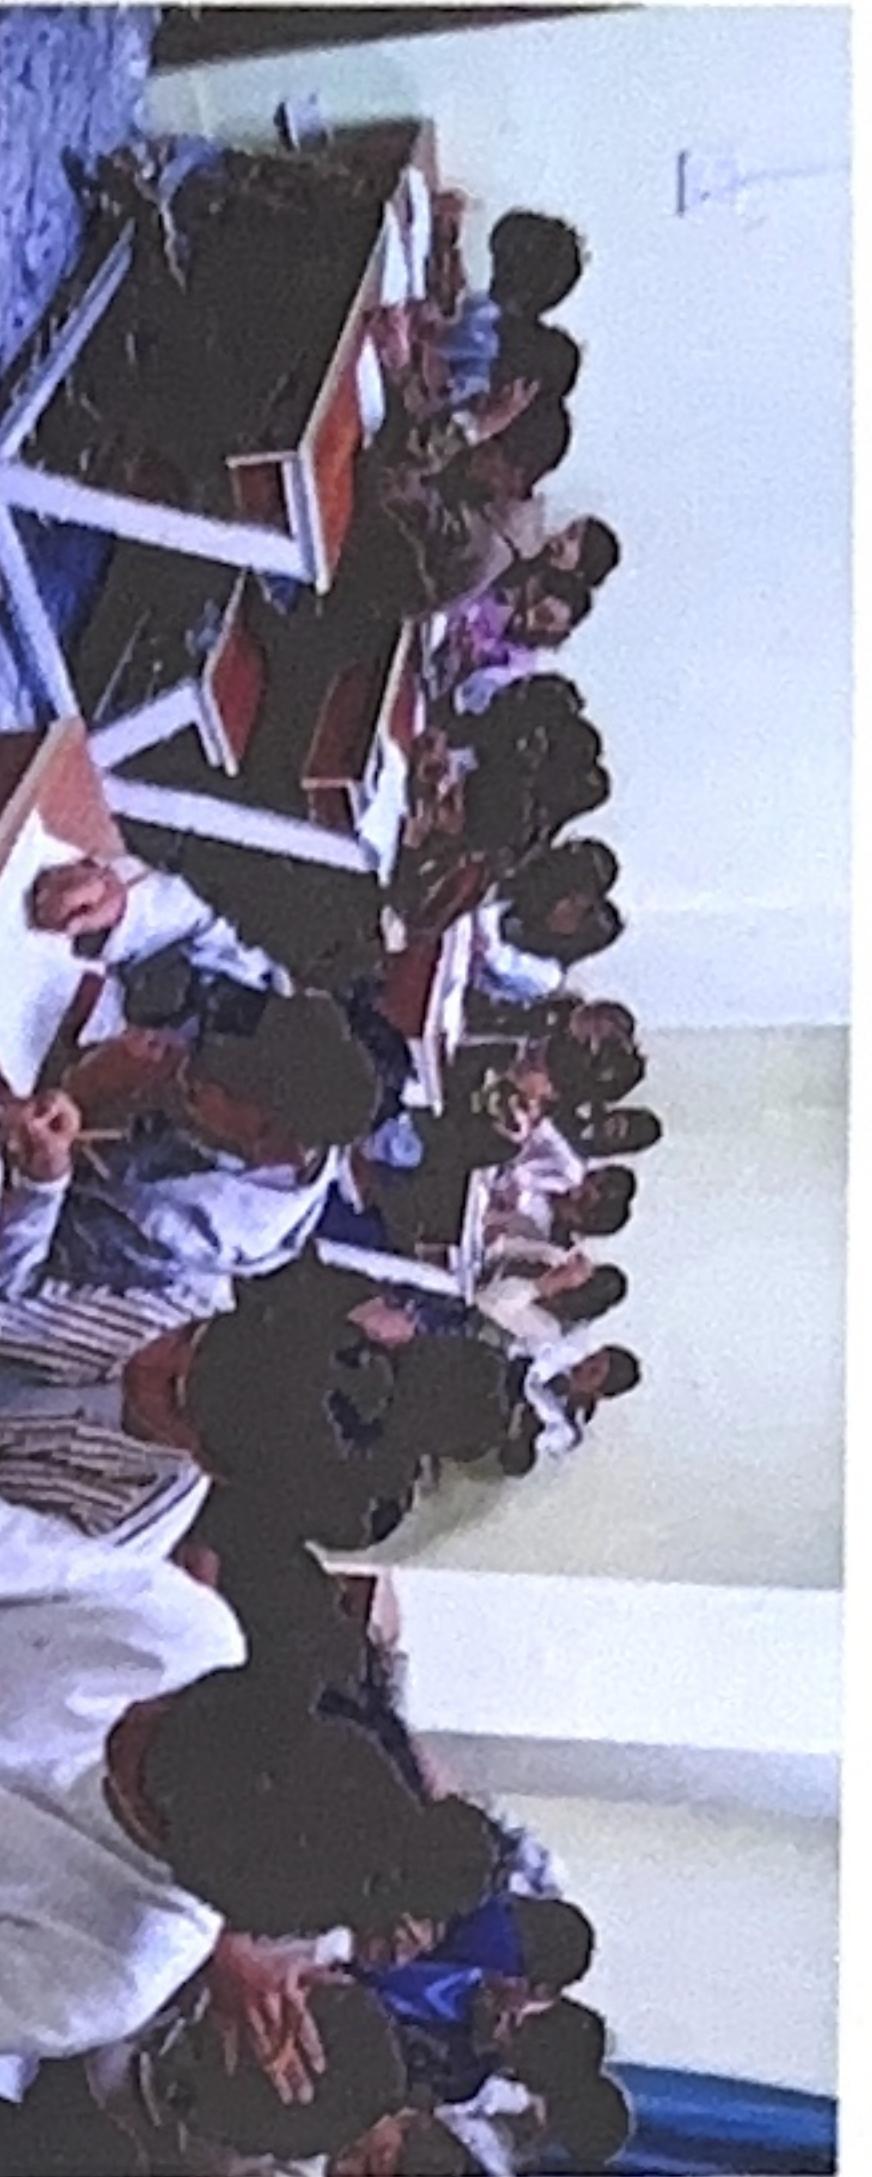

"Transforming Education"

Bridge Course Programs

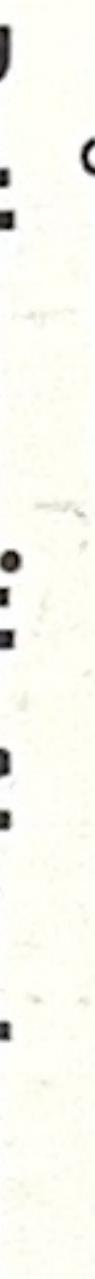

Computer Programs

1 Web Development

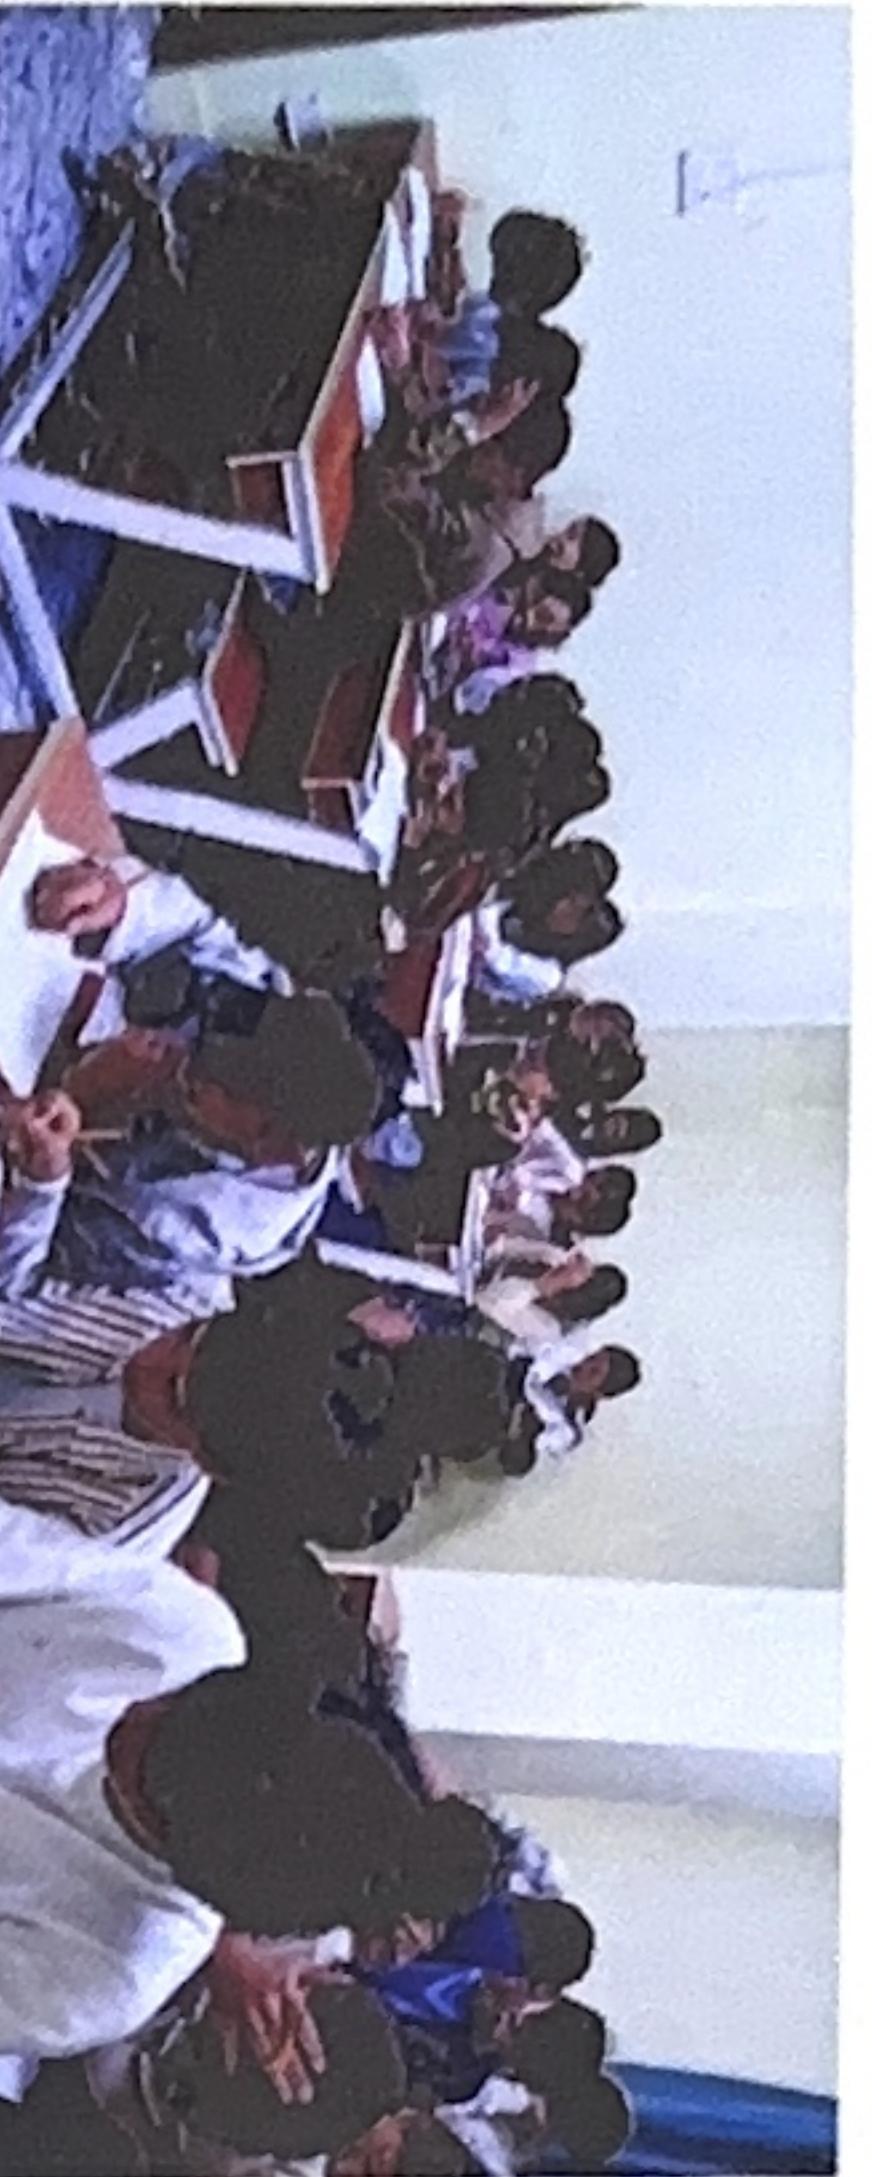

- HTML, CSS, JavaScript fundamentals
- Website creation from scratch
- Database basics & deployment

2 Python with AI automation

- Fundamentals of programming
- Problem-solving & logic building
- Intro to AI, automation & real-world mini-projects

Advanced Science Courses

Physics | Chemistry | Mathematics | Biology | Computer

Advanced Management Courses

Economics | Account | Mathematics | English | Computer

Advanced A-Levels Courses

All subjects required for the chosen stream

For entrance preparation, we offer MCQ-based classes that build strong concepts, confidence, and clarity – not just memorization. Learn deeply and get exam-ready the right way.

Udaan 2.0 – The Takeoff Starts Here

A mega event for SEE graduates to discover their future – career workshops, soft-skills, share market, AI sessions, inspiring talks & fun networking!

"Don't wait for university to start your tech journey."

Pi Vibe Series

The Pi Vibe Series is a fun and inspiring event for our students, featuring games, sports, creativity, and skill-building activities like e-sports, Futsal, Badminton, Content Creation, Web Development

hackathon, and a Musical Event – all designed to connect, create, and grow beyond the classroom

Hollowell's Pi Vibe Series

"A legacy of leadership, education, and innovation, our Pi Vibe Series is a testament to our commitment to our students' success."
